

CANADIAN GLOBAL SCHOOL

ENGLISH LANGUAGE LEARNERS PROGRAM

English Language Learners Program From Ages (5-13)

01

Canadian Global School is a K-12 Canadian Private School and we offer a separate highly recommended online language school for children and teens. It was created in collaboration with educators, child psychologists and language experts. It aims at teaching English to children and adolescents in the light of a student-centred learning approach with the assistance of professional teachers through live classes and videos!

02

Online English Learning classes for children and teens at Canadian Global School, are your child's path to success in their language journey! Our live online English lessons for children aged 5 - 13 are conducted via Zoom, Google Hangout or Teams and are adjusted to every child's interests and language goals.

03

Our program also aligns with the Ontario curriculum, so students planning to study in Canada, or at one of our international partner schools will greatly benefit from the program.

04

Our program uses best practice motivation and gamification to keep kids engaged with the five essential elements of reading – phonemic awareness, phonics, vocabulary, comprehension, and fluency.

05

We offer an engaging and interactive colourful online platform where your child can have 1-on-1 or group language lessons with a qualified, English tutor. CGS offers all the live conversation practice, personalized feedback, and human interaction of traditional language classes at an affordable price. Our educators have prepared lessons and content is differentiated and based on your child's level or needs. For example, they could focus on vocabulary or phonics.

06

Most online courses and apps require focus and self-motivation, so they're not always the best option for children with short attention spans. A friendly teacher can keep your child focused in a way that a language app, course, or game just can't.

07

Enroll your child in our online English classes to improve their language skills with our qualified teachers, and start their path to fluency today.

Highlights of the Program

- 01** KAI's English language program is designed to be differentiated for learners aged 5 – 13.
- 02** Every student has an initial placement test so the curriculum fits their skill level.
- 03** Our program can be used independently by students when out of class for practice between classes.
- 04** Our program caters to a variety of student learning abilities. Our teachers assign differentiated work to individual students based on their ability level.
- 05** We uses a mix of extrinsic and intrinsic motivators, including:
 - Certificates: awarded once students have correctly answered a number of questions on a Map.
 - Interactive activities are designed to engage students from the moment they enter the program.
 - Visible progress tracking: students can see their development as they advance through the program, encouraging them to take ownership of their learning.
 - Students earn eggs as they progress through the program. They can use these to purchase items in the plaza shop to add to their house or apartment.
 - Students can also unlock additional educational games, as well as puzzles and songs.
 - In Fast Phonics, students unlock new features as they progress, as well as earn Yeti coins that can be spent in the Yeti Shop.

Content Focus

Phonemic Awareness

Develop learners' phonemic awareness through word games, rhyme and audio-led lessons.

Phonics

Encourage students to learn to decode and encode when they practice spelling, writing and reading.

Vocabulary

Expand students' vocabulary skills with the continual introduction and explanation of new words.

Comprehension

Reinforce newfound factual knowledge and make strong connections between topics and concepts.
