The Principal is also required to provide students with the information and forms they will need to complete the community involvement requirement, including the school's list of approved activities from which to choose. After a student completes the 40 hours of community involvement and submits all documentation of their completion to the school, the principal will decide whether the student has met the community involvement requirement and, if so, will record it as completed on the student's official transcript.
2. Students will select an activity or activities from the list of approved activities, or choose an activity that is not on the list, provided that it is not an activity specified on the Ministry of Education's and the school's lists of ineligible activities. If the activity is not on the list of approved activities, the student must obtain written approval from the principal before beginning the activity.
3. Before beginning any activity, students will provide the principal or other school contact with a completed "Notification of Planned Community Involvement Activities" form indicating the activity or activities that they

plan to do. This form must be signed by the student, and by his or her parent if the student is under eighteen years of age.

More than one such form may be submitted when additional activities are planned that were not included on a previously submitted form.

4. A "Completion of Community Involvement Activities" form must be completed by the student, the student's parent (if the student is under eighteen years of age), and the community sponsor (that is, the person or organization that provided the community involvement opportunity for the student). The student must submit the form to the principal or other school contact upon completion of the 40 hours or at appropriate intervals determined by the principal.
5. Parents (or guardians) should provide assistance to their child in the selection of their community involvement activities. Parents are also encouraged to communicate with the community sponsor and the school principal if they have any questions or concerns. A parent must sign the "Notification of Planned Community Involvement Activities" form and the "Completion of Community Involvement Activities" form if the student is under the age of eighteen years. Parents are also responsible for obtaining the appropriate insurance covering the student for any unseen circumstances while involved in these community activities.

LIABILITY INSURANCE COVERAGE FOR THE HIGH SCHOOL’S COMMUNITY INVOLVEMENT PROGRAM

Community Sponsors should be advised that students who are performing volunteer work are protected by the school board’s liability insurance, while they are performing their required forty (40) hours of community involvement service. Community sponsors are also protected by the board’s liability insurance for claims that arise out of our students’ volunteer activities for your organizations.

Community sponsors should also be aware that, like job-shadowing and other similar work-experience programs, students do not have accident insurance, nor Workplace Safety Insurance coverage through the school board. It is recommended that students involved in the program purchase Student Accident Insurance. The school board expects the community sponsors to ensure that student volunteers are provided with safety instructions, and are trained and supervised to ensure a safe and mutually beneficial volunteer experience.
